

EQUESTRIAN
PROTECTION

KOMPERDELL

“Our products not only reflect our passion, but also contribute to making sport safer. We are truly proud of that.”

Peter and Klara, Design & Development

WHY A KOMPERDELL PROTECTOR

Nº 1 PROTECTION

HIGHEST SAFETY

All Komperdell protectors are multi-impact capable and can be reused after a fall if they are not physically damaged. Our proprietary impact foam has the highest energy absorption properties on the market.

MAXIMUM FREEDOM OF MOVEMENT

We work extremely dilligent and constantly push us to get better and better. A dedication you will feel as soon as you put on our vests. Our goal is to protect our riders and offer best freedom of movement.

WASHABLE

Every Komperdell protector can be washed at 30°. Even after multiple washes, the residual force values remain the same.

WE KNOW HOW

No other brand has had such a profound impact on the market for protective garments as Komperdell. Our Know-How is based on more than 25 years of experience in developing protective garments for motorcycling, skiing, biking and riding. We pride ourselves in being true pioneers and technology leaders. More than 30 international awards have been won for our protective wear.

LIGHT AND FLEXIBLE

Our protector is incredibly light and super flexible. Our customers rave about the comfort we offer compared to other brands on the market.

PERFECT FIT FOR EVERYONE

We develop both, the protective technology and the garment. That's why we can match them up perfectly to offer protective vests that are hardly noticeable when worn without compromising their protective properties.

25 YEARS KNOW-HOW

PIONEER · AWARD WINNER · MARKET LEADER

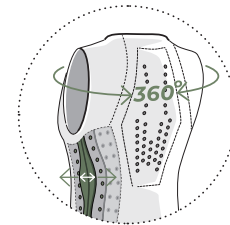

3 TYPES OF PROTECTORS FOR MAXIMUM SAFETY IN EQUITATION

1 SAFETY VESTS FOR EVENTING EN 13158:2018 – LEVEL 3

Our safest equestrian protector with 360° protection and EN 13158:2018 - Level 3 certification. The ergonomic cut and the especially soft, flexible protector body ensure maximum comfort with best protection values. Perfect for cross-country riding and approved for eventing.

automatical or manual width adjustment without loss of protection

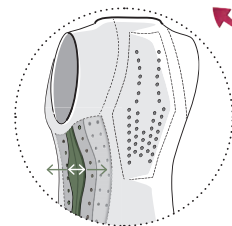

2 BALLISTIC VESTS FOR SHOW-JUMPING & RECREATIONAL RIDING EN 1621-2 – LEVEL 2

In addition to the multi-layered back protector, the vest offers protection zones in the front and rib areas and is therefore the ideal protector for daily training. The automatic width adjustment ensures almost complete all-round protection with the best wearing comfort, as the vest automatically adapts to the rider's shape.

automatical width adjustment without loss of protection

3 CASUAL PROTECTORS STYLISH & SAFE EN 1621-2 – LEVEL 2

The casual line is the perfect alternative for daily training and work with the horse, as the protector is integrated directly into the garment, eliminating one layer of functional clothing. Absolute lightness and breathability guaranteed!

My first choice.

As an experienced rider, I really enjoy developing our equestrian protectors because it allows me to combine my passion and my profession."

Klara Lindner, Design & Development

PROTECTION N°1

SAFETY VEST LEVEL 3

Our safety vest providing 360° protection is amazingly comfortable. Due to its special ergonomic cut it perfectly contours to your individual body shape. The multi-layer construction and the especially soft foam guarantees a perfectly ergonomic fit.

APPROVED BY
EN 13158:2018 - LEVEL 3

With top residual force values our vest exceeds the strictest legal standards - 360° perfect safety.

SAFETY VEST

EVENTING SAFETY VEST LEVEL 3 EN 13158:2018

The new safety vests offer maximum safety with the highest level of comfort thanks to the breathable and flexible multi-layer construction and 360° all-round protection. Available in 2 versions - with automatic width adjustment and with manual width adjustment using velcro - the protectors are as light and comfortable to wear as no safety vest before!

TOP RESIDUAL FORCE VALUES

absorbs up to 93% of the impact energy, independent of temperature and humidity

LIGHT & SAFE

360° all-round protection for a top figure - suitable for eventing and carriage drivers

WASHABLE

without problems at 30°

100% BREATHABLE

thanks to generous perforation

MULTI-IMPACT CAPABLE

2 VERSIONS

available with flexible side foams or manual width regulation

AVAILABLE FROM 6XS - 3XL

SAFETY VEST LEVEL 3

Our brand-new Level 3 safety vest is incredibly easy to put on thanks to its improved design and front zipper with Velcro. Available in two styles to ensure a perfect fit for every rider, it offers unparalleled comfort and lightness. Extra safe, ideal for eventing & carriage drivers!

manual width adjustment

BALLISTIC FLEX FIT

Extremely lightweight & and comfortable to wear. The vest offers almost complete all-round protection and is significantly more flexible in width. The vest automatically adjusts to the rider's girth when the front zipper is closed.

FLEX-FIT-SYSTEM

Great fit thanks to automatic width adjustment with full all-round protection.

EN 1621-2 – Level 2

With our know-how from the motorcycle industry, i.e. the most extreme application area for efficient protective clothing, we develop the safest protectors for equestrian sports – maximum protection and best wearing comfort.

BALLISTIC VEST

BEST PROTECTION FOR SHOW-JUMPING AND RECREATIONAL RIDING

We are the only brand to develop our proprietary protective foam as well as the garment on our own. This results in a perfectly harmonizing protection system without sacrificing safety and comfort.

TOP RESIDUAL FORCE VALUES
absorbs up to 93% of the impact energy, independent of temperature and humidity

LARGEST PROTECTION ZONE
providing continuous protection from the cervical vertebrae to the coccyx, ideal for recreational riders and ambitious show jumpers

WASHABLE
